

ANNUAL SPONSORED TOURNAMENT – JANUARY 29th 2022

Important notice and draw

Our Watering Tournament will still go ahead but with a very different look from previous years, to comply with Covid rules under the red-light system.

There will be two separate competitions with those teeing off until 9.48 am being in the “Green Tournament” and those from 10 am (First of the Harewood Hackers vs Amberley Ambassadors) in the “Red Tournament”. Yes, it’s two tournaments, two prize-givings, two identical prize tables.

The “Green” players will complete their round, have their meals served downstairs, and then move upstairs, where the first prize-giving will be held as soon after 2pm as we can manage. The “Red” players who finish their rounds before the first prize-giving is concluded, will, on completion of their meals, be asked to congregate in the barbeque area to ensure numbers in the upstairs lounge are always less than 100.

This will obviously mean those people will have to climb the outside stairs to get their drinks but everyone needs to understand that we will all have to make concessions to enable the tournament to carry on.

As soon as the first prize-giving is finished, the “Green” players will be asked to vacate the lounge to make way for the “Red” players, and an identical prize-giving will be held around 6pm.

In amongst all this, we are hoping to run two separate putting competitions on the practice green, with the available prize money split evenly, but we may have to play that one “a little by ear” on the day.

It goes without saying that all players (who haven’t already done so at Amberley) will have to produce their vaccine passes at the window when they register.

There will be still a barbeque at the No 10 gambling hole, and because we have a special liquor licence this year, a bar will also be at that tee. (The terms of our licence mean that no BYO liquor is allowed on the course)

With fours “dribbling in” at roughly 5-minute intervals we believe we can safely cater for everyone in these difficult times, but it will require goodwill and co-operation from all involved.

Together we can do it!

Regards

Bruce Yates

President
